IMPORTANT INFORMATION FOR BUYERS OF PRE-OWNED VEHICLES - Did you know that when the government changed the yearly motor vehicle inspections to 2 years that the laws changed when buying a pre-owned vehicle? If you purchase a pre-owned vehicle with an inspection sticker older than 30 days, then the vehicle has to be re-inspected. At Under The Hood we provide a pre-owned vehicle inspection, consisting of a road test, scan for codes that may be stored in the computer, inspect a/c operation, test the battery, inspect fluid levels, belts, hoses, lights, inspect tires, put the vehicle on a hoist to visually inspect brakes, exhaust, front & rear suspension and inspect the body of the vehicle for holes and rust. You will receive a complete report of the inspection, as well as a written estimate of any repairs that may have to be done.

We have had customers purchase a pre-owned vehicle only to find out it does not pass safety inspection. To reveal the true cost of the vehicle you're buying come in for a pre-owned vehicle inspection. For **only \$39.95** plus tax you can have the peace of mind that the vehicle you are buying is a good investment.
